NEW OBJECTIVE

Entente Forces Are Within Six Miles of Important Railroads

GERMANS FAIL TO GAIN
IN FIERCE OFFENSIVE

Little Activity Reported on Any of the French Lines of Battle

By Associated Press.

Efforts to break into the new ground won by the British in the renewal of the Flanders offensive on Wednesday are being continued by the Germans. Failing to shake the British line elsewhere, they tried it out last night at Zonnebeke, where the British had pushed far along the road to Poulers. The attack, however, was broken up. The present position of the British in Zonnebeke places them within half a dozen miles of the important north and south railway line connecting Lille with Ostend on the coast, the cutting of which for its domination at even medium range artillery fire would seriously handicap the Germans in their Flanders operation.

In the Tower Hamlets and Polygon wood regions the clearing up process which followed Wednesday's battle was carried out further last night, and the Germans were driven from isolated positions, to which strong parties of them were clinging.

There has been little other military activity of notable nature except in the Argonne region, on the French front. The Germans made an attempt last night to break into the French lines in this sector, attacking three times. These assaults were all repulsed, the Germans sustaining heavy losses, says today's Paris war office report.

The Russian war office reports the loss in the battle of the Russian destroyer Ochofak, which struck a mine.

PAY LESS FOR
GRAIN IN EAST

New York, Sept. 28.—The federal Grain Corporation announced today it would pay two cents a bushel less for all grades of grain in the markets of Baltimore, Philadelphia, Buffalo, and New York. As compared with the basic market prescribed by the price commission of Chicago and the western markets, which relate to Chicago.

MAN-OF-WAR IS
AGROUND IN
HOME WATERS

Washington, Sept. 28.—The navy department at noon today authorized an announcement that a battleship of the fleet is aground in home waters, but resting easily, and probably will be floated soon.

The navy department issued this statement: "The navy department has received an official report stating that a battleship of the United States navy is aground in home waters. The ship is resting easily, and it is expected that she will be floated without difficulty. The newspapers are urgently requested not to print any information which might lead to the establishment or identity of location of the stranded vessel."

TAG GIVEN TO
IDENTIFY MEN

Washington, Sept. 28.—A card index of all American soldiers and sailors at home and abroad is to be compiled by the war department. Congress has appropriated money for the purpose in the general deficiency bill. Every man will be indexed by name, and the records filed in alphabetical order for immediate reference should he happen to appear in army order or casualty lists. With the description of each soldier will be given the name of his next kin.

The plan of giving each man a number virtually has been abandoned, and it is understood each soldier will be supplied with a small aluminum tag bearing his name and company to be worn around his neck. Plans have been completed for the creation of a "statistical division" with a branch in Paris to compile records.

Korniloff
Hoped Only to
Save Russia

Last Order Indicated That He Was Misinformed As to Conditions

ORGANIZED REVOLT TO
CHECK TEUTON INTRIGUE

Petrograd, Sept. 28.—The last army order issued by General Korniloff as commander-in-chief reprinted in the Novaya Zhizn from a Moshlev newspaper, tends to show that Korniloff was compelled to launch his revolt largely in an effort to thwart German plans. The order says it had been learned that German agents had brought about the great fire in Kazan, had expended millions of rubles in disorganizing the coal mines in the river Don region and that the Germans were proposing a general offensive along the whole front for the purpose of forcing a disorganized Russian retreat. The Germans also had planned to blow up the bridges across the Dnieper and Volga and were organizing a movement of Maximilians in Petrograd.

General Korniloff, the article adds, had reason to suspect treason among the irresponsible Russian organization in German pay. The general feeling that irresponsible influences had the upper hand in Petrograd and that Russia was on the brink of an abyss took and extreme decision for the purpose of saving the fatherland.

30,000 METAL
WORKERS STILL
OUT ON STRIKE

Ship Building Program of Government Halted on One Eighth of Contracts

PRESIDENT WILSON IN
SPECIAL PLEA TO MEN

San Francisco, Sept. 28.—The strike of 30,000 metal trade unionists here which was to have ended today was indefinitely prolonged late last night when members of the Boiler Makers' union voted not to return to work under the terms of a temporary agreement made Sunday, and which had been accepted by a majority of the unions affiliated with the iron trades council.

The employers issued a statement announcing that as a result of this action, the plants would remain closed today, and that any plant which opened inadvertently would be shut down Saturday.

The action of the boiler makers will paralyze indefinitely all work in one eighth of the entire shipping construction contracts let by the United States government. Work has been suspended for eleven days owing to the strike, and a temporary agreement was signed Sunday by labor leaders only at the urgent request of President Wilson who appealed to the patriotism of the men.

ROUNDUP FOR ALL
DESSERTERS STARTS

Washington, Sept. 28.—With a reward of \$50 for the delivery of each deserter, the provost general's office today began a drive to round up at once all drafted men who have not reported to their local boards or to the adjutant general of their respective states.

Where delinquency is shown not to be wilful they will only be delivered to proper camps. Wilful deserters will be taken before court martial.

Red Cross Committee
Wants Women Volunteers
To Help Serve Soldiers

Twenty-five or fifty women volunteers to assist the Red Cross canteen to be maintained at the Northern Pacific depot are wanted at once. Request today or tomorrow at the latest with Philip Meyer, chairman of the special committee. Mr. Meyer can be reached at his home or at Koskins.

The executive committee of the Burlington county Red Cross chapter completed plans today for furnishing soldiers en route to camp who pass through Bismarck coffee and sandwiches. Arrangements have been made with the traffic officials to inform the committee when a troop train is expected in Bismarck at meal time and the volunteers working under this committee will be ready to serve a lunch.

Dr. Smyth, chairman of the committee on civilian relief, will give any medical assistance necessary, and he

RAIL BOARD TO
ASK REDUCTION
IN COAL RATES

Will Rely Upon Patriotism of Great Northern and Soo to Bring Cheaper Fuel

NORTHERN PACIFIC NOW
HAS REASONABLE TARIFF

Wyoming Product Being Hauled As Far West as Wadena, Minn., at Low Cost

The North Dakota railway commission will appeal to the federal fuel administration and to Judge Lovett, recently appointed director of rail traffic, and to officials of the two railway companies, for lower rates on Wyoming coal to Great Northern and Soo line points in order that North Dakota consumers who find it impossible to obtain eastern coal may purchase the Wyoming fuel at a reasonable price. Low through rates already are in effect from the Wyoming fields to Northern Pacific points as far east as Wadena, Minn., but neither the Soo line nor the Great Northern has to date made any concessions.

Early Action Important. "We do not feel that lower rates on Wyoming coal will in any way adversely affect the market for native lignite," announced the commission this morning. "Our own mines are not prepared to supply all of the North Dakota consumers who heretofore have depended on eastern coals. The eastern coal will not be obtainable, according to our advice from the head of the lakes, and North Dakota is included in the northwestern districts which has been assigned the Wyoming fields as a source of supply. Inasmuch as it is positive that a large share of our people must depend upon Wyoming coal, it is important that they be enabled to buy this fuel without paying exorbitant freight rates."

"The interstate commerce commission in the South Dakota rate cases recently ordered it cheaper through rates from the Wyoming fields. It undoubtedly would do the same thing with regard to Great Northern and Soo line territory in North Dakota, but it might be two years before we could get action through this body, and relief is necessary at once. Therefore we are going to depend largely upon the patriotism of these two roads, and the further fact that they must realize they will lose vastly in public esteem if they do not make these concessions at a time when the interests of the country demand them."

"We are saving the matter up through the federal fuel administration and Judge Lovett, rail traffic director, because we feel they are best in position to command prompt attention from the railway companies."

Plenty of Coal. One company, writing from the Sheridan district, in a plea for lower rates on Wyoming coal, advises that this region can produce 12,000 to 15,000 tons daily, but that owing to unfavorable freight tariffs these properties during the last summer, when other coal fields were producing more than ever before, operated only three days weekly and at only half capacity on these days. The Sheridan mines claim their coal can be successfully used in lieu of anthracite and that it is of high efficiency, both for domestic base-burner or furnace consumption, and in the production of steam.

In 1902-'03 the producers advise the North Dakota rail board, under emergency laws established by the railway, the Wyoming mines penetrated as far east as Minneapolis and other Minnesota points. These rates remained in effect, however, only during the strike in the anthracite regions, and when these troubles were settled, the old rates were restored, and the Wyoming coal was frozen out.

CAPTURE OROMARU.

Petrograd, Sept. 28.—The Russians have captured Oromaru, 24 miles west of Meri, in the Caucasus, it is announced officially.

NORTON AND
HEFLIN FIGHT

Washington, Sept. 28.—The row in the house of representatives over Rep. Hefflin's charges culminated today in a fight between Rep. Hefflin and Rep. Norton, his chief critic. Friends soon separated them.

The discussion came to an abrupt end when Rep. Stearnson of Minnesota, got the floor, with his resolution to inquire whether the food administration wheat corporation is attempting to control wheat prices. Speaker Clark ruled it out of order as it was asking for an expression of opinion.

After a heated session to day the house rules committee refused to act on resolutions proposing congressional investigation of Representative Hefflin's charges that a number of members of congress "had acted suspiciously" about the time Count von Bernstorff asked his government or authority to spend \$50,000 to influence congress on the submarine warfare issue.

Those in charge of the depot can be reached at: Philip Meyer, chairman; J. C. Anderson, Emanuel Brown, Mrs. J. P. French and Mrs. Peter Reid.

LIBERTY LOAN
DRIVE STARTS
NEXT MONTH

J. L. Bell of Bismarck Summoned by L. B. Hanna for Fargo Conference

TO BE SEPARATE FROM
CERTIFICATE SALES

Secretary McAdoo Predicts That This Issue Will Be Over-subscribed

BELL TO ASSIST. Fargo, N. D., Sept. 28.—A call was issued today by former Governor L. B. Hanna, state chairman of the North Dakota executive committee of the liberty loan bond sale, for a meeting of the executive committee to be held here Wednesday, Oct. 3, at which plans will be outlined for the second sale of the liberty loan in North Dakota, which will be offered to the public on Oct. 1. Among the district chairmen notified to appear for the meeting are J. L. Bell of Bismarck and J. H. Newton of Mandan.

Washington, D. C., Sept. 28.—The campaign to sell \$200,000,000 in war savings certificates, Frank A. Vandellip, chairman of the war savings committee, announced today will be separate from the second liberty loan campaign and will not begin until the loan campaign ends.

Secretary McAdoo has announced the details of the second liberty loan, which will be offered to the public Oct. 1. The chief features are:

Amount, \$200,000,000 or more, the excess not to exceed one-half of the amount of over-subscription.

Terms of bonds—Maturity 25 years; redeemable at the option of the secretary of the treasury, in 15 years.

Denomination of bonds—\$50 and multiples of \$50.

Interest rate—Four per cent, payable semi-annually on November 15 and May 15.

Terms of payment—Two per cent upon application, 18 per cent Nov. 15, 40 per cent Dec. 14 and 40 per cent Jan. 15, 1918.

Can Convert Bonds. The privilege of converting bonds of (Continued on Page Eight.)

ARGENTINE CONGRESS
ASKS PRESIDENT TO
SEVER RELATIONS

Buenos Aires, Sept. 28.—President Irigoyen is preparing a message to a request by congress that the diplomatic relations between Argentina and Germany be broken. The president, it is understood, contends it is impossible to break off relations with Germany because of the Count von Luxburg incident, considering this fair to have been adjusted by the German foreign office explanation.

ST. PAUL DISPATCH WELCOMES
Chance to Prove Statements
Against Townley in Court

Under the caption "Our Answer," the St. Paul Dispatch defies Townley's challenge to a libel suit. It should be remembered in this connection that Governor Frazier of North Dakota presided at this meeting and listened with apparent approbation to every seditious word which LaFollette uttered. At least the record fails to show that he expressed any indignation at the remarks LaFollette made, and when the audience cried "Yellow" he rose, according to press dispatches, to preserve order so that the renegade senator could continue his attacks upon the administration.

A C. Townley, who promoted the recent Auditorium conference, has served upon the St. Paul Dispatch and Pioneer Press a demand for the retraction of the several editorial and news references to himself, in connection with that event. It is the assumption that this demand is the preface to an action at law for damages.

"It is unnecessary to tell the reading public of the northwest that the articles to which Mr. Townley objects were severe and deliberate denunciations of the disloyalty which characterized certain of the utterances at that conference and to which the entire country has risen in protest. They were deliberate because these newspapers refrained from editorial comment until after the speech of the renegade Wisconsin senator, they were severe, because no terms which dealt adequately with the studied blows delivered during that conference at the government of the United States could have been otherwise.

"The answer of the Dispatch and Pioneer Press to the demand for retraction is an emphatic reiteration of every word and every term with which they have directed public attention to the disloyal and unpatriotic utterances of the Auditorium meeting and to the men who made them. No denunciation of such an exhibition of disloyalty could be too severe, no condemnation of the men responsible no condemnation too emphatic.

"Mr. Townley makes the crowning mistake of his career if he supposes that by a threat of any nature he can threaten these newspapers or swerve them a hair's breadth in the discharge of the public duty so imperative in this hour of national stress and struggle. The threat implied in his demand is accepted for all that it could signify.

The Dispatch and Pioneer Press will welcome Mr. Townley to a court of justice. The issue will be that of loyalty and patriotism. These newspapers join that issue with Mr. Townley and will rejoice to submit it to a jury of Americans. And the sooner the better."

Fighting West Rolls
Up Its Sleeves Eager
To Help Win the War

"LUNGE" AND THIS IS HOW THEY DID, AT THE DUMMY GERMAN SOLDIERS AT CAMP BOWIE.

NO ROOM FOR
FIFTY-FIFTY
PATRIOTISM

Theodore Roosevelt Assails "Fifty-Fifty" in Senator La Follette's State

HUN WITHIN OUR GATES
IS THE MOST DANGEROUS

Racine Wis., Sept. 28.—"I wish we could send to Germany the neo-cop-headers of today and especially all those congressional and editorial cop-headers who have taken the lead in directly or indirectly preaching disloyalty to our country's cause while at war, and giving aid and comfort in this crisis to the public enemy," Theodore Roosevelt declared in his address "The Hun Within Our Gates," delivered last night before the annual meeting of the League of Wisconsin Municipalities in this city.

"It is these treacherous enemies of our own household who are responsible for the fact that we are now in danger from the foreign foe. It is the Hun within our gates from whom we have most to fear, for he is the tool and the ally of the Hun without."

Lasting Shame: "It matters not whether he is a wealthy man who organizes peace societies or fits out peace ships in order to bring out a peace that would be in the interest of the brutal aggressor and would inflict lasting shame and wrong upon us and upon all civilized mankind, or whether he is a foolish pacifist agitator whose activities are increased and rendered more noxious by the patronage of a wealthy man; or whether he is an I (Continued on Page Three.)

(Continued on Page Eight.)

BIG CELEBRATION
FOR MAJOR HANLEY

This evening the citizens of Mandan will give a patriotic demonstration in honor of Major J. M. Hanley, who will leave Monday morning for Charlotte, North Carolina, after assuming command of the Second North Dakota regiment.

A special band under the leadership of R. R. Lutz will render several patriotic airs. Hon. J. M. Derive of the state reform school will speak a few words on behalf of the citizens and it is possible that other talent will participate in the program. H. L. Henke, president of the city commission, States Attorney L. H. Connolly and Dr. Edmund Mackey are arranging for the event. The Mandan home guard will participate in the ceremonies.

The businessmen of Mandan yesterday subscribed to a fund which was used in purchasing an army horse for Maj. Hanley. The mount was purchased yesterday evening from Ted Albers of Oliver county. It is a handsome animal and will be presented to the major at the demonstration this evening.

The event will be held in the west Northern Pacific park. The Mandan electric company is arranging for lighting the park for the event.

160 TRUE BILLS
AGAINST I. W. W.
BY GRAND JURY

Evidence Shows That Wobblies Were Supplied With German Cash

CRIPPLING OF WAR
INDUSTRIES ALLEGED

Offense Charged Regarded as Next in Gravity to Treason Itself

BEFRIENDED BY TOWNLEY.

Editor's Note: This is the organization A. C. Townley attempted to foist upon the North Dakota farmers. It is also the organization that Governor Frazier sought to exempt from search without a warrant. After a series of meetings Mr. Townley failed to convince league members that there was any merit to an industrial agreement with the I. W. W.

Washington, Sept. 28.—More than 160 indictments have been found by the federal grand jury in Chicago investigating I. W. W. activities on evidence secured in the recent federal raid.

The indictments which actually may exceed this number, have been drawn and voted upon, it is understood, and all that remains is to report them to the court, which may be done at any time.

The evidence upon which the grand jury has acted is said to show conspiracies and plots to hamper the government in its war activities and to show connection with German sources.

Weighted a Ton. The evidence laid before the grand jury was of such volume as actually to weigh a ton or more and is said to show a nationwide conspiracy to hamper the government, in almost every conceivable way with ramifications into almost every state.

It concerns anti-draft demonstrations, crippling of war industries by so-called strikes, burning of wheat fields, burning of timber, which the government was planning to use for aeroplane construction and the continuous anti-ally and anti-war propaganda. There was evidence that German money was plentifully supplied as shown in many letters and cancelled checks. Indications pointed to a group of men in the great conspiracy with a large number of agents acting under their orders.

Many Austrian Members. The nationwide raid conducted upon local I. W. W. headquarters in many cities by agents of the department of justice on September 5, disclosed the evidence upon which the government proceeded against the I. W. W. One feature which the investigations brought out sharply was the large—almost predominating membership of Austrians in the length of the I. W. W. local organizations and also the large membership of the various races which comprise Austria-Hungary. Thousands of these men untrained, because the United States is not at war with Austria, federal investigators have found have been very free to carry on whatever activities were planned.

It is understood that the indictment has been found under the section of the criminal code, defining "offense against the existence of the government."

The offensive charge is regarded by officials as next in gravity to treason itself, and is defined in the criminal code immediately after the definition of treason, and the punishment thereof. The penalty is a fine of not more than \$5,000 or imprisonment for not more than six years, or both.

BIG CELEBRATION
FOR MAJOR HANLEY

This evening the citizens of Mandan will give a patriotic demonstration in honor of Major J. M. Hanley, who will leave Monday morning for Charlotte, North Carolina, after assuming command of the Second North Dakota regiment.

A special band under the leadership of R. R. Lutz will render several patriotic airs. Hon. J. M. Derive of the state reform school will speak a few words on behalf of the citizens and it is possible that other talent will participate in the program. H. L. Henke, president of the city commission, States Attorney L. H. Connolly and Dr. Edmund Mackey are arranging for the event. The Mandan home guard will participate in the ceremonies.

The businessmen of Mandan yesterday subscribed to a fund which was used in purchasing an army horse for Maj. Hanley. The mount was purchased yesterday evening from Ted Albers of Oliver county. It is a handsome animal and will be presented to the major at the demonstration this evening.

The event will be held in the west Northern Pacific park. The Mandan electric company is arranging for lighting the park for the event.

TOWNLEY QUOTED IN GERMANY AS KAISER'S FRIEND

Head of Pan-American Union Declares League Chief Gives Aid to Enemy

Minneapolis, Minn., Sept. 28.—La Follette and Townley speeches are being used in pro-kaiser propaganda in Latin-America, declares John Barrett, director general of the Pan American union, who is in Minneapolis. Mr. Barrett is former United States minister to Argentina.

He spoke recently before students of Stanley Hall school. Dealing with the strength and methods of German propaganda against the United States, he said:

"Speeches as propaganda. Only those familiar with the facts can appreciate the extraordinary, all encompassing and far reaching character of the anti-United States German propaganda among our sister American republics. It is bad enough here at home, but it has practically run wild until recently checked throughout

all Latin America, from Mexico on the north to Argentina on the south.

A remarkable feature of this propaganda has been the sending to the newspapers and all other agencies of publicity in Central and South America of the speeches of men like Senator La Follette and Mr. Townley, the head of the well known Nonpartisan league. Their utterances have been used as evidence that a large element of Americans in the central west and among the farmers are opposed to the government of the United States and sympathetic with Germany in this great struggle.

A special effort has been made to influence the farming classes of the other American republic by exaggerating the influence of these men and their works.

Make Capital of Critics.

"It is no exaggeration that the real heart and soul of the German propaganda throughout the 20 Latin-American republics has been that element of so-called pacifist and that portion of their propaganda which are now being so much watched and feared in this country. In other words, everything that this group of men in the United States do or say critical of the United States government and opposed to the war has been repeated in Latin-America, or at least sent there in the hope of preventing Latin-America from supporting the United States and the allies in this war."

FOR SALE—Household goods, davenport and dining room set and other articles. Person Court, Flat No. 5, or call 5692.

FIRST TROOP TRAIN WILL LEAVE BISMARCK SATURDAY; LAST CHANCE TONIGHT TO BID BOYS FAREWELL

700 Soldiers Will Leave Capital City Sometime Tomorrow for Training at Camp Greene, Charlotte, N. C.—Second Regiment Receives Orders to Move Monday—Special Train to Be Made Up Here.

The capital city's last opportunity to give its soldier boys a public demonstration is offered in the farewell concert to be given by the Second regiment band of Harvey under the direction of Harold P. Bachman at the Auditorium this evening.

It is predicted that the big theater will be filled by loyal Americans, anxious to prove to the state's defenders that pro-German sentiments expressed by self-constituted leaders of a certain element do not represent the great mass of North Dakota's citizenship, which believes in the boys and the cause for which they will fight, and stands ready to back them to the utmost.

Aides for Boys.

Members of the Second battalion of the First, 700 strong, will be brought in from Fort Lincoln by Bismarck people, who have offered their automobiles for this purpose. There will be an abundance of cars, and no delay is anticipated in transporting the guardsmen. All of the Bismarck units of the Second—headquarters company, under Capt. H. T. Murphy; Co. I, Captain A. B. Welch, and the supply company—will be represented, and special reservations will be made for the 900 or more soldiers who are expected to attend.

Director Bachman has arranged an especially attractive program for the occasion. To him and to the Second regiment band full credit for arranging the farewell demonstration are given, and Bismarck people will be glad to take advantage of this opportunity to once more express their appreciation for this splendid musical organization, which has contributed so much to the capital city's pleasures during the last two or three months.

The program follows:

March—Our Colonel James E. Son. (Dedicated to Colonel White.)

Overture Semiramide—Rossini.

Selection—Chin Chin, Caryl.

Cornet Solo—Columbia, Rollinson.

Celebrated Mennet—J. J. Paderevski.

Valise Novelties—Loin du Ball, Gillet.

LITTLE OLD LADY EXPLAINS Simply Couldn't Help Telling Men They Were Unnecessarily Worried Over Tin Plate Shortage.

The war is nothing more than a race of giant problems, but there are always atoms.

She was a little old lady in the chin-ribbon class, except that the ribbons were black net to match her bonnet. And her collar was planned with an ancient cameo set in twisted gold, thin and battered, as if Father Time had used it to cut his teeth on—the sort of cameo that you either consider priceless or junk, according to the way you look at things—and a silver-spangled black fan. She was winnowing the fan with gentle regularity when her interest was caught by a newspaper headline which a man read out to another man seated with him directly in front. The men were discussing the subject with obvious concern when the old lady, moved with compassion, leaned forward and touched the reader with her fan.

"Pardon me, gentlemen, but as a housekeeper for many years, I think I can relieve your anxiety. Tin plates have not been in use for ages. Even pie plates are made of graniteware now. When I was a bride I took a great pride in my row of shining tins, and my cook was equally careful, but the times have changed—I think I may say there is no demand whatever."

Those two men—God love them!—after the puzzle in their eyes had given way to humorous understanding, thanked the little old lady most appreciatively. They even came across a sudden joke to lay their chuckles on. And they made no further reference to "The Tinplate Shortage."

YOUTHS GET BITTER LESSON American Boys in France Acknowledge Their Gallie Compeers Have Been Better Educated.

I ran up yesterday to a beautiful old French town where three of our American boys, rather envied by other young men who are ready to offer their swords to France, have been put in training as artillery officers. When they pass their examinations and get the galons as second lieutenants they will take command in French regiments at the front.

They had been chosen by competitive examination for entrance into the school.

"I'm having a hard time keeping up," said one of the boys. "It's not only French—and if you think you know this language, try some technical stuff and find how much you don't know—it's general knowledge. They run rings round me in mathematics and physics—and what they know they know certainly and accurately. English and American schools and colleges don't turn out such scholars as these."

It is being borne upon me that continental boys get a great deal more education out of their schools than ours of the English-speaking races. I am sure it is so with the French and Italians, and it must be so with the Germans. I wonder, sometimes, if the day of the picturesque college loafers is not over for England and the United States.—Will Irwin in the Saturday Evening Post.

Grand Fantasia—Way Down Upon the Swannee River, Douglas.

Overture—William Tell, Rossini.

(a) The Hawk, (b) The Storm, (c) The Calm, (d) Finale.

The Star Spangled Banner, Key-Arnold.

First Goes Tomorrow.

The First regiment will entrain tomorrow. A special train in two sections will be made up here for the troops who have been quartered at Fort Lincoln. A dozen or more tourist sleepers and a number of baggage cars will be required to transport the men and their equipment. No officers' mounts will be taken from here, provision having been made to supply horses after the troops reach Camp Greene. Sunday the First will be in St. Paul, Monday in Chicago, and by Wednesday night they should have reached their destination. In the heart of the health resort region of North Carolina.

Second Goes Monday.

Definite orders have been received for the departure of the Second regiment Monday. Co. M, Beach, and the machine gun company at Dickinson will be brought in on regular trains and a special train of 16 coaches, tourist sleepers for the men and one Pullman for the headquarters staff, will be made up here. The train, when it leaves Bismarck, will carry about 500 men and officers.

A special train over the Great Northern tomorrow will pick up units of the First from Williston to Grand Forks. Monday, in addition to the Northern Pacific train made up here, two specials will leave over the Great Northern and one over the Soo line. The hours of departure and schedules of these trains cannot be announced in advance.

Because of the necessity for secrecy in connection with the departure of the troops, and the possibility that the hours for leaving may be advanced at the last moment, the importance of everyone in Bismarck who wishes to say good-bye to the soldier boys turning out tonight is the greater.

GIRL MISSING.

Fargo, N. D., Sept. 28.—Police of this city and others throughout the state have been requested to search for Mrs. Roy Walker, 17 years old, who disappeared mysteriously from her home here two weeks ago and has not been heard from since. Her mother, who reported the case to the police, said she believed the girl had been kidnapped.

NEW CONSOLIDATION Fine School Going Up in Eddy County—Napoleon Leader

The office of state superintendent of public instruction has been advised that a fine consolidated school will be built in Eddy county, just outside the village of New Rockford, in a new school district into which the township has been divided. The department is much interested in the prospective completion of and unusually high grade school building at Napoleon, to contain six rooms and to be the first school building in that section of the state which is thoroughly fire proof.

STRONGLY UNITED.

London, Sept. 28.—Viscount Milner, minister without portfolio in the British council, speaking today at the American Luncheon club, declared against any peace with the unrepentant German rulers. Touching on the entry of the United States into the war, and the moral significance of it.

DISCOVER FRAUD.

New York, Sept. 28.—Discovery of evidence of "probable fraud" in more than one election district in connection with last week's republican primary, was announced today by District Attorney Swan. In 16 of these districts, he said, the election would be examined at once under subpoena in an effort to fix responsibility.

POSTPONE ACTION.

Copenhagen, Sept. 28.—Charges that certain government authorities are supporting the Pan-German and conservative forces in the agitation to revert the reichstag majority peace resolution and permit Germany to the so-called Hindenburg policy may be made the subject of an interpellation at the present session of the reichstag. Berlin newspapers which arrived tonight assert a three day interruption indicates that the interpellation was discussed at the meeting of the steering committee of the reichstag on Wednesday. It was decided to postpone action in order to give Chancellor Michaelis and his aides an opportunity to make certain explanations.

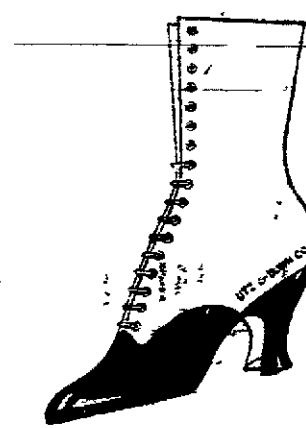

SCORES WILSON'S REPLY.

Amsterdam, Sept. 28.—Dr. Michaelis, the German imperial chancellor, in a speech to the main committee of the reichstag said that the pope's peace proposals were inspired by moral seriousness and pure justice and neutrality, which things were lacking in the reply made by President Wilson to the pope.

Friends.

"When our friends die, in proportion as we loved them, we die with them—we go with them. We are not wholly of the earth."—William Ellery Channing.

OPEN EVENINGS 504 Bway. New Tately Bldg

Only Two Days Left---Only Two

BEFORE THE OPENING OF THE
EVENING SCHOOL
OF THE

Bismarck Business College

YOU MUST NOT FAIL TO BE READY TO JOIN OUR CLASS

NEXT MONDAY EVENING

to derive full benefit from the greatest evening course that was ever offered the young people of Bismarck, or anywhere else.

We want enough earnest, ambitious students for these evening classes to make it worth while. We are prepared to give better instruction and more of it than ever before.

THERE IS NO BETTER EVIDENCE

as to what we can do for YOU, whether you are 15 years old or 45, than by

what we have done for HUNDREDS of others, some of whom were situated just as you may be today.

99%

of all the executives come from the ranks below—the bookkeepers, stenographers, office assistants.

YOUR advancement depends only on YOUR preparation.

THERE IS ONLY ONE THING

between you and a \$100-a-month position, and that

thing is the lack of a training just such as we propose to give you at this

Night School

If it is hard for you to believe this please call. We'll give you the names of as many as you care to see or write—former students of OURS today holding responsible and remunerative positions; others in successful business of their own, who attribute their splendid success to evening instruction much inferior to that our college now offers.

Young Men and Women of Bismarck

if you would only investigate—find out what you can get at this college—our commodious, new quarters would be packed to the doors.

Do us the kindness and yourself the justice to call THIS EVENING—it may be the stepping stone to an independent and aspiring future.

What Others Have Done YOU Can Do.

College Office Open This Evening and Saturday from

NO ROOM FOR FIFTY-FIFTY PATRIOTISM

(Continued from Page One)

W. W. leader who is against all government and all civilization and all liberty and does the work of Germany against us exactly as if he got the chance he would do the work of the worst tribe of barbarians against us; or whether he is a German socialist, who in this country has helped turn the socialist party machine into a tool of the German autocracy and an

enemy of American liberty and democracy, but of liberty and democracy throughout the world, or whether he appears at the head of some German-American alliance or similar organization which, openly before the war and now more covertly but no less dangerously, works for Germany against America.

Fifty-Fifty Alliance.

"There isn't any more room for a fifty-fifty alliance," Col. Roosevelt asserted in advocating the suppression of the pro-German press. He urged that the people of the United States regardless of foreign parentage or extraction give an undivided and absolute loyalty to this nation and be true Americans.

WORST STORM IN YEARS HITS GULF

Elmer, Miss., Sept. 28.—The worst storm in years is reported from Ship Island, which is almost covered with high seas. Five fishing schooners are reported out and a steamer has been sent in search of them.

SWERVES TOWARD FLORIDA
 Mobile, Ala., Sept. 28.—With the tropical hurricane again swerving toward the Florida coast, Mobile today prepared to face the storm. All shipping was in shelter and the railroads were moving all cars from wharves and sidings. The barometer fell steadily all morning.

Dr. M. Evangeline Bolten wishes to announce she has secured Dr. Harry B. Palmer of the American School of Osteopathy of Kirksville, Mo., to take charge of her practice during her absence in the south. 9-28-17

It Costs Uncle Sam \$24.93 To Enlist "Soldier of Sea"

It costs the United States exactly \$24.93 per head to enlist men in the United States marines, according to a statement showing the average cost in each of the four divisions. "Even at that it's worth it," contend admirers of the "first at the front" lads.

Of the four divisions the Eastern, which includes the New York district, shows the lowest expense per recruit, and the Southern division is the highest. San Francisco, where it means an expenditure of \$8.00 a volunteer, ranks first among local recruiting stations for the low cost of enlistments, with \$9.03 per head, running a close second.

This is the way the divisions compare with one another in the matter of recruiting expense: Eastern division, \$18.48 per man; Western division, \$25.41 per man; Central division, \$27.39 per man; Southern division, \$27.94 per man.

TALKS FROM A MOVING TRAIN

Canadian Inventor Develops Telephone for Use on Railroad Cars, Uncle Sam Is Told.

Successful experiments with a telephone apparatus installed on a railroad car were carried out by a representative of the signal department of the Canadian government railways and the inventor of the device, the former in the car itself and the latter in the dispatcher's office in the Montreal yard, reports Uncle Sam's consul at Montreal, N. B. The transmission in this system of communication is made through wheel and axle without the assistance of any contributing medium.

Reports of the tests declare that the communication established was in every way satisfactory, although the train was in motion. It is said there was no difficulty in hearing distinctly every word of the messages exchanged.

The experiment was tried on a double-track line where the rails are properly "bonded" for the block-signal system, but it is claimed that equally good results can be obtained on any track where the rails are similarly "bonded" without regard to the presence or absence of a block-signal installation.

Sanitary Individual Spoon.
 Among the latest sanitary appliances for public eating places is a spoon pressed from paper that can be thrown away after using.

Might Try It, Anyhow.
 A worn-out typewriter ribbon thrown into a quart of distilled or rain water will yield a fine writing fluid.

RAIL BOARD TO SHOW CAUSE WHY CONNECTION AT ELGIN IS NEEDED

North Dakota Commission to Appear in Federal Court Monday—Other Meetings

The North Dakota rail board will appear in the federal district court at Fargo on Monday on petition of the Northern Pacific and Milwaukee lines to show cause why the commission's orders for physical connections between these two lines at Elgin should be enforced. While the Northern Pacific and Milwaukee tracks parallel one another within a few rods at Elgin, there is no connection at present, and the transfer of freight must be made by team, involving a heavy expense to the shipper.

October 2, 3 and 4 a stated meeting of the rail board will be held at Grand Forks, where a number of important matters are to be considered.

October 5 the commission meets at Medina to consider petitions of citizens of that village for better telephone service and also to look into grade crossing matters. October 6, the board meets in Bismarck to investigate recent grade crossing accidents which cost the life of a prominent Burleigh county young farmer, and October 8 the commission will hear at the capital protests against transfer charges on cream between the Soo line and Great Northern at Ardooch and Forest River, where the cans are handled by draymen and the charges assessed to the creameries.

Beets in England.
 For several years Great Britain has experienced with the sugar beet, but now, facing a sugar shortage and with the need of making the country less dependent upon foreign supply, the government is taking an official concern in the possibilities of this industry. Accordingly, the government has made a loan toward the creation of a sugar beet factory near Newark, capable of dealing with a large daily tonnage. The British Sugar Beet Growers' society has purchased land, and it is hoped that this area, with additional land in the vicinity cultivated by separate farmers, will produce 50,000 tons of beets per year, which should yield 11,000 tons of sugar.

Woman Smokers in Wales.
 A woman was seen smoking a pipe in a Swansea by-street the other day, and seemed to be enjoying it hugely; of course, this is not quite a new thing. Some old ladies, especially of Irish extraction, have enjoyed their weed in that way for many years past. But it was the way in which this was done which surprised the public. As a matter of fact, in London some women have gone in for cigarettes and pipes in their homes and in the women's clubs there is a rule that pipes are not permitted has been quietly rescinded in favor of the male visitors, who now smoke vigorously without complaint. —Cardiff Western Mail.

Machine for Opening Letters.
 With the whole tendency of modern business toward centralization, to say nothing of the enormous growth of the mail-order houses, the daily mail problem is a gigantic one to the efficiency experts. A new machine has been put on the market to open letters which is said to break all previous records. It does the work by shaving off an exceedingly thin slice of the edge of each envelope, hardly thicker than the paper itself. It is impossible to cut an inclosure by this method. The chief feature of the machine is its speed. In a recent test run it opened 9,000 letters an hour for an eight-hour stretch.

Happily Married.
 "He's happily married."
 "So?"
 "Yes, he thinks marriage is going to exempt him from war service." —Detroit Free Press.

Fighting Chaplain of Smashing Second Reises Big Fund for His Boys

Lieut. H. O. Stanley of Hamilton, fighting chaplain of the "Smashing Second," returned today from a five days tour of southern territory north and east of Bismarck with \$1,000 for the "chaplain's fund" of the Second.

Money Rolled In.
 "The money literally rolled in," said Lieut. Stanley today, glowing with enthusiasm over the reception with which he had met. "The district I covered was probably harder hit by the summer's drought than any other section east of the river, but an appeal to patriotism opened every purse. Often an offering having already given a check for \$10 or \$15 or \$25 would step up at the end of my talk and say 'Give me back by check'—chaplain—it isn't big enough—and would double or treble the amount of their contribution. I never talked more than a few minutes—it wasn't necessary. The people understood and were ready."

Towns That Gave.
 Towns which liberally supported the chaplain's fund of the Second were:

Additional Society News

CATHOLIC BOYS TENDERED SMOKE BY K. OF C.'S
 Seventy-five of the boys now stationed at Fort Lincoln of the Catholic faith were tendered a smoker last evening by a committee of the local council of the Knights of Columbus in their hall.

Rev. Father J. J. Han of St. Patrick's church, Dickinson, was present and talked interestingly to the boys of the meaning of the great war and what it meant to them to serve their country in a foreign land. Father Ott of the local church was also present and extended a welcome to the soldiers.

This evening the knights and their friends will be entertained at a dancing party in the hall. The party will not convene until after the farewell concert at the Auditorium to be given by the Second regiment band.

HOSPITAL STAFF TENDERS RECEPTION TO NURSES

The handsome new home for the nurses of the Bismarck hospital was the scene last evening of a pleasant social affair when the hospital staff tendered a reception to the nurses of the institution. The barbers and dining room were aglow with autumn foliage and flowers. Rev. and Mrs. William Suchow, the former superintendent of the institution, and Miss Louise Hoernman, superintendent of the nurses, received the guests.

Rev. Mr. Suchow gave the welcome address to the new class of 17, which recently entered the training school. He was followed by Rev. E. E. Strutz, secretary of the hospital board and pastor of the Evangelical church. Dr.

DINNER AND THEATRE
PARTY FOR MR. AND
MRS. BATTERY

Mr. and Mrs. O. W. Roberts were hosts last evening at a handsomely appointed dinner party given at the McKendzie in honor of Mr. and Mrs. R. C. Battery, who are leaving Bismarck to make their home in Billings. Forty of the guests were used to carry out the color scheme of pink. The same color tone featured the shades for the tapers and the place cards. The dinner was of seven courses.

Following the dinner the guests were entertained at a theatre party at the Auditorium to witness Vaudeville Suratt in "The Street." The guest list included Mr. and Mrs. Battery, Mayor and Mrs. Lucas, Capt. and Mrs. Henry T. Murphy, Dr. and Mrs. F. B. Strauss, Mr. and Mrs. G. D. Mann, Mr. and Mrs. E. A. Wehr, Judge and Mrs. A. N. Christianson, Mrs. Baldwin, P. R. Bragdon and Mr. and Mrs. Joseph Bragdon.

Mr. Fields will entertain Saturday evening at a dinner party at the McKendzie for Mr. and Mrs. Battery. A number of special affairs have been given for the Batterys during the last two weeks. Among them the reception Tuesday last given by Mrs. G. D. Mann and Mrs. F. E. Luehe, the bridge parties by Mrs. Christianson and Mrs. Mann and dinner parties by Judge and Mrs. Christianson and Mr. and Mrs. J. L. Bankston.

NORTH DAKOTA RED CROSS
DETACHMENT FORMED

As the result of the work of Miss Mae McCulloch, a Red Cross nurse of Grand Forks, who is organizing a detachment in the state, eight more North Dakota nurses have answered the call and will form a detachment for immediate service. This new detachment, according to official notice from Washington, will comprise emergency detachment No. 50. A detachment includes 10 nurses and of this number only two vacancies remain.

Volunteers forming this first detachment are: Carrie Goodman, Bismarck; Matilda Hoff, Rena Olson, Alma Ophel, Sara Hansen, Grand Forks; Gertrude Bain and Signe Lee, Fargo; and Mary Palky, Bismarck. It is expected that within a short time two other nurses will volunteer to complete the detachment.

Communications will reach Miss McCulloch at 419 Fifth street, Grand Forks, and nurses desiring to offer their services should write her. Miss McCulloch is in receipt of a communication from Clara D. Noyes, director of the bureau of nursing service in Washington. It contains the following:

"We are having many requests for nurses at the various cantonment hospitals which have been organized throughout the United States and I am sending you your list of available nurses."

with addresses where transportation orders may be received. Their physical examination blanks will have to be on file at this office before they can be assigned to duty. It is not necessary that their immunity treatment be completed.

"As we are being asked for many hundreds of nurses, I would like to have you round up as many as possible for this work, and I will consider that this list is final, and that I may, without further communication, send their papers to the surgeon general's office, stating that they are ready to answer a cantonment call."

"I feel sure that when the need is brought to the attention of the nurses who have been waiting for foreign service that they will be glad to answer this call, as we feel that nurses who aid in our own country by looking after our own soldiers are doing equally as much as those who answer foreign calls."

BRIDE-ELECT HONOR GUEST
AT AUCTION BRIDGE PARTY

Miss Helen Hoskins' fiancée of Grover Dollar and a bride-elect of early fall, was honor guest last evening at the charmingly appointed auction bridge party given by Miss Harriette Falconer at her home on Avenue E. Hearts were profusely used in the appointments and clusters of autumn blooms were used to carry out the color scheme of red and white. Seven tables were in play for the game and the honors were awarded to Mrs. Harry Thompson of Williston and the honor guest.

The guest list included Miss Hoskins, Mrs. P. J. Meyer, sister of the bride-elect; Mrs. Oliver Brooks Hoskins, Mrs. Willard A. Leach, Mrs. R. M. Bergeson, Mrs. J. W. Bliss, Mrs. Robert Dutton, Mrs. Ernest C. Wright, Mrs. Roy Logan, Mrs. Gardner Wallace, Mrs. Birlea Ward, Mrs. Wyson, Mrs. Putnam, Mrs. C. G. Wattam, Mrs. R. S. Towne, Mrs. Thompson, Mrs. S. R. Day, the latter from McKendzie, the Misses Clara Tatley, Lucille Dahl, Ethel Barnes, Laura Keenan, Dora Larson, Elizabeth Bayliss, Matilda Williams, Agnes Orr, Bessie Varney and Miss Rose Sell, the latter of McKendzie.

BISMARCK BOY ARRIVES
AT FORTRESS MONROE

Mr. and Mrs. W. A. Falconer of Avenue E, are in receipt of a letter from their son, Addison, who left Fort Snelling several days ago, stating that he had arrived safely at Fortress Monroe, Va., and enjoyed the long trip immensely.

Mr. Falconer, who is a member of the coast artillery, wrote of the splendid reception the boys got enroute. Flowers and fruits were given abundantly by people who crowded the depots to see the boys. He wrote that southern hospitality was lavishly showered on them. Mr. Falconer is delighted with Fortress Monroe.

Attend Fort Yates Fair.
Mr. and Mrs. R. L. East of Fifth street and Henry Halverson of the Grand Pacific, motored to Fort Yates today where they attended the Standing Rock Indian fair.

Return from Hunting Trip.
Mrs. Alfred Zuger, son Jack and Miss Lillian Gustafson of this place, returned yesterday by motor from a two weeks' hunting trip to Plaza. While there they were guests of Miss Gustafson's parents.

Entertain for Guest.
Mrs. Arthur Rasmussen entertained a party of friends last evening at her home in Second street, in honor of Miss Mary Sommerville of Fingal, who is spending a short time here before going to Carson, where she will teach. The guests were entertained at a taffy-pull.

Feed Sales.
The Trinity Lutheran Ladies' Aid society will conduct a food sale tomorrow afternoon in the office of the Gas company, and the Presbyterian Ladies' Aid society will also conduct one in the office of the Hughes Electric company.

Services at St. George's.
Tomorrow being the feast of St. Michael and All Angels, a special service with the celebration of the holy communion will be held in St. George's Episcopal church at 10 o'clock. This is the day appointed for the corporate communion of the women worriers of the church, and the rector requests all women of the church to note this fact.

Prominent Hunter Girl Weds.
Announcement has been made of the marriage of Miss Fern Bayard, a member of a prominent Hunter family, to Paul F. Zempel of New England. They were married Wednesday afternoon in the Presbyterian manse of Fargo, Rev. Thomas J. Graham officiating. The bride was a teacher in the New England schools for the last three years. Following the ceremony the wedding party motored to the bride's home where a reception and wedding dinner featured. They will reside in New England, where the groom is engaged in business.

CITY NEWS

McKenzie Visitor.—Mrs. Frank McKell of McKendzie, was in the city Thursday shopping and calling on friends.

Moffit Visitor.—John O. Richards of Moffit, was in the city Thursday transacting business and calling on friends.

With Cotton Goods advancing daily, we urge our customers to anticipate their needs and supply them now. A substantial saving is unquestioned, and the assortments make selections easy. These items are priced special and mean a considerable saving to the purchaser.

Some Welcome News of Warm Blankets

The careful housekeeper has probably wondered for months what the wool scarcity might do about blanket qualities and prices. But the "worst" hasn't happened yet. At least, not here. We were anxious; too, but we didn't wait for it to happen. Our winter for orders supplies happened first.

Then we had some wonderful blankets in our own stocks; bought when prices were normal. How fine and luxurious they look. How glad you will be to find such winter sleeping comfort obtainable at such unexpectedly low prices. But they won't be here when the snow flies. They are "plums" and prices for shrewd housekeepers who secure them now, for such supplies are very limited, and housekeepers who know market conditions will be quick to claim them. Our prices are fully 50% under market. It is your advantage to BUY NOW.

For Saturday an assortment of cotton wool finished blankets in greys for \$1.75
Another in wool and cotton mixtures for \$3.00

French Read in South America. French is almost universally read; editions of the classics are in most homes, and book stores are filled with modern French writers of prose or verse, both in translation and in the original.

NOTICE OF EXECUTION SALE.

STATE OF NORTH DAKOTA, County of Burleigh—SS.

In District Court, Sixth Judicial District.

McKenzie Mercantile Company, a corporation, plaintiff, vs. Andreas Mahloff, Defendant.

Notice is hereby given, that by virtue of an execution issued by the clerk of the district court, of the Sixth Judicial district, held in and for Burleigh county, North Dakota, upon a judgment rendered in district court, in favor of the above named plaintiff McKenzie Mercantile Company, and against the defendant Andreas Mahloff, upon chattel mortgage foreclosure, I have levied upon, seized and taken the following described personal property of defendant, to-wit:

One 4 h. p. R. U. John Deere Co. gasoline engine, one No. 5 Duplex feed mill, 22 1/2 in. rubber belting; one 14 inch John Deere gang; one bay gelding, 7 years old, weight 1,400 lbs., named Prince; one roan gelding, 6 years old, weight 1,300 lbs., named Peter; one bay gelding, 6 years old, weight 1,600 lbs., named Dutch; one gray gelding, 5 years old, weight 1,350 lbs., named Scott; one bay gelding, 4 years old, weight 1,300 lbs., named Dan; one white gelding, 4 years old, weight 1,200 lbs., named Billy; one bay mare, 8 years old, weight 1,350 lbs., named Kitty; one gray mare, 7 years old, weight 1,300 lbs., named Queen; on black gelding, 3 years old, weight 1,150 lbs., no name; one bay mare, 3 years old, weight 1,000 lbs., no name; one yearling mare colt; 5 head milk cows, 3 red and 2 black; one 9 ft. Van Brunt single disc drill; which I shall expose for sale, and sell at public auction to the highest bidder for cash or bankable paper on Monday, the first day of October, 1917 at the hour of 2 o'clock in the afternoon of said day on the premises of said Andreas Mahloff, NW 1/4 Sec. 22, Twp. 144, Range 75, north of Wingo.

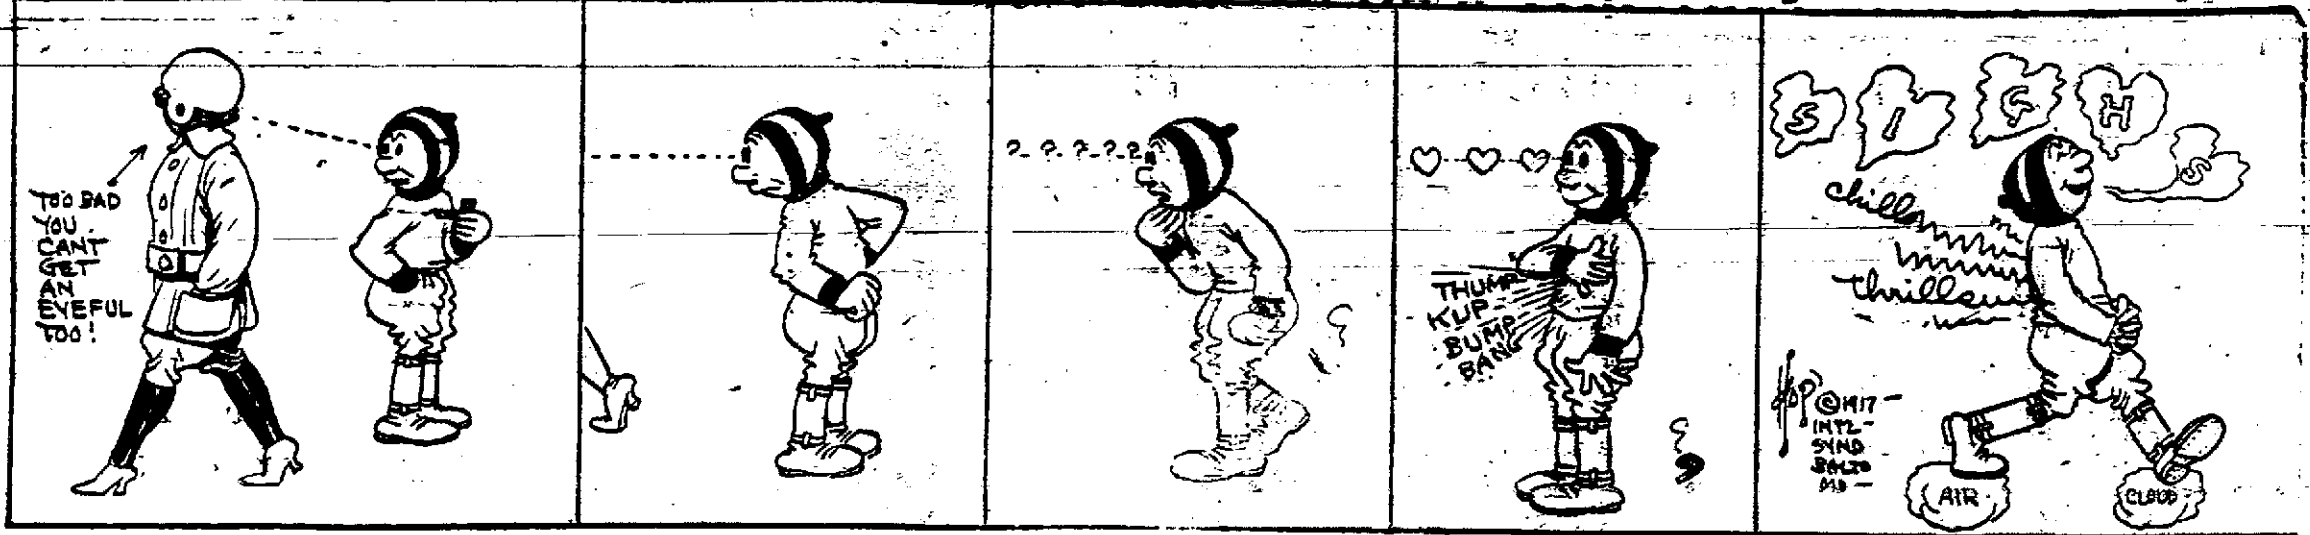

Dated this 21st day of September, 1917.

SCOOPE THE CUB REPORTER

The Boss Won't Get Scoop Started On a Trip Away Just Now By "Hop"

LEFTY MAY BE BIG STAR IN OPENING GAME

Little or No Attention Has Been Paid by the Dojesters to Williams

By PAUL PURMAN.

With the White Sox—So far as I know not much attention has been paid to the part Lefty Williams may play in the series.

Williams has been pretty generally neglected by most players and critics with whom I have talked about the big event.

But Williams may be very valuable in at least one game, the first one he pitches. If Rowland picks him to start in Lefty's few years in baseball he has never lost an opening start against any club.

Precedent doesn't count, you may say—maybe not—but the fact of the matter is Williams has won every game he has ever pitched against any club, major or minor, and there is no more reason for believing this won't work out in the world series as well as at any other time.

Williams is death against left-handers. Cobb, Speaker, Collins—any of the great southpaw hitters of the league candidly admit Williams is one of the toughest pitchers in the league for them to hit.

In the Sox batting practice Johnson and Collins chase Williams off the field every time he attempts to pitch to them.

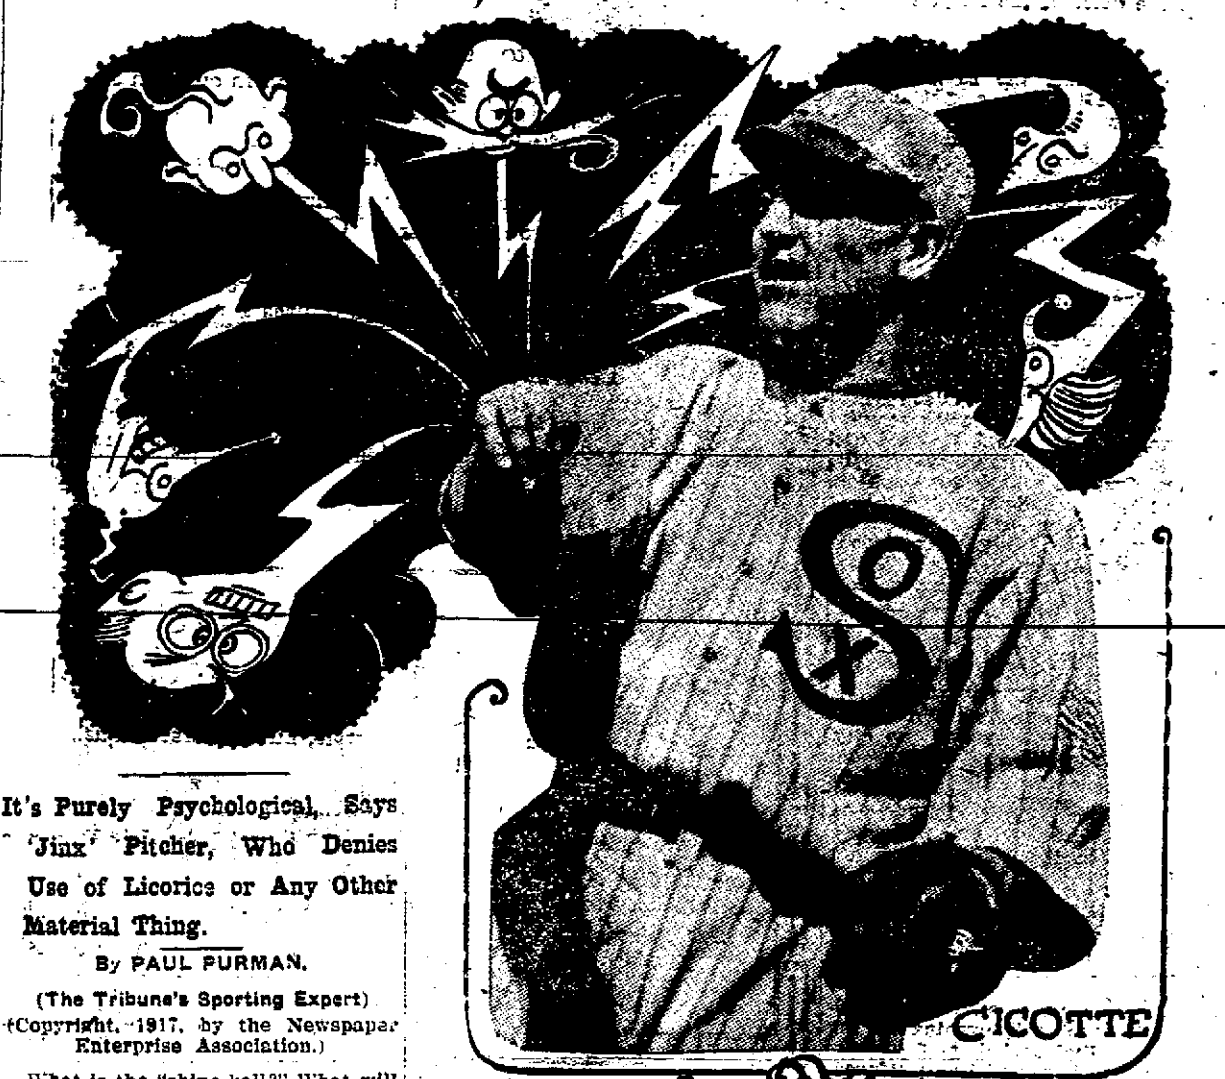

Williams has a peculiar habit of stepping between the ball and the batter when he is using a new white ball. His uniform shirt is kept spotlessly clean, the effect being that the batter loses sight of the ball on account of the white background of his shirt.

"I don't know why it is I can always win against a club that has never seen my pitching before, but I have had remarkable luck that way," Williams told me.

"The same thing works out against individual players as a general rule. Let any player, no matter how good a hitter, face me the first time and usually take care of him. Confidence may have a great deal to do with it—I have grown rather used to disposing of men in their first games against me and am pretty confident whenever I face a new man."

If this is a criterion, Williams, the neglected, might prove to be the Babe Adams or Beckett of this series.

Cicotte Tells Paul Purman the Secret of the "Shine Ball"

It's Purely Psychological, Says 'Jinx' Pitcher, Who Denies Use of Licorice or Any Other Material Thing.

By PAUL PURMAN.

(The Tribune's Sporting Expert)
(Copyright, 1917, by the Newspaper Enterprise Association.)

What is the "shine ball"? What will it mean in the world series? Will Eddie Cicotte be able to fool the cream of the National league with something American league players claim he has fooled "Ban" Johnson with all this season, helping the Sox to cop the American league pennant?

Or—is the "shine ball" a myth? I am going to tell you what Eddie Cicotte says about it himself. Eddie is given credit with being the inventor and the originator of this delivery which astute batters of the American league has resurrected him from an early trip to the bushes.

Here is the story of Cicotte on his work:

"The talk about the 'shine ball' this year has probably had a great deal to do with the making one of the leading pitchers in the American league. I can state truthfully that the talk has done me more good than any so-called 'shine ball'."

"It was merely a matter of psychology. I outguessed the other fellow."

"So long as the batters in the league felt that they were batting

against something they knew nothing about, I had an advantage.

"If you can bluff a fellow into believing you are better than he is, you have him 'licked' before you start.

That is really the success of the 'shine ball.' So long as Speaker, Chapman, Baker, Pipp and other heavy hitters of the league thought I was feeding them something 'phony,' I had something on them. It is the same proposition that beat Terry McGovern in his famous fight against Young Corbett. Corbett was not the better man, but he was McGovern's man."

"I have been accused of everything but murder this year. They have said I used talcum powder, licorice, and a number of other things on the ball. But they have never found a single instance in which they could really get the goods on me."

"My uniform has been stolen from the club house on several occasions. Some of the ballplayers found out I

wore a rubber pocket in the trousers of my uniform and immediately started a howl about it.

"That was mighty fine stuff for publicity, but the very fellows who did most of the talking about the rubber pocket knew that practically every pitcher in the league wears a rubber pocket, which was invented by Ed Walsh, who used to carry slippery elm tablets in it to help his spit ball pitching."

"The fact is, I cannot chew licorice. It is nauseating to me. I will say to you that I do not use talcum powder or any of the other artificial aids I have been accused of using on the ball, but, as I said before, the secret of this 'shine ball' has not been material. It has been psychological."

"The main benefit I have derived has been from letting the other players, who have batted against me, do most of the talking, while I kept still and kept on working, as I have worked since I have been in this league."

Past Seasons Have Seen Mediocreties Make Luminosities

Who is to be the hero of this world series? What player's work will stand out head and shoulders above them? Will it be an unknown youngster such as Babe of the Sox in 1906 or will it be a regular like Baker in 1917?

In past years the heroes have usually been players who surprised even the most studious dojesters. Last year it was Gardner. The year before Duffy Lewis. In 1914 Hank Gowdy surprised the world with his sensational hitting and catching.

In 1912 Eddient, a pitcher of only mediocre ability outpitched the great Matthewson and became the hero of

the big baseball classic. The year before that it was Baker.

In 1909 Babe Adams upset all the dope and beat Detroit out of a world's championship.

If records for this year are to have anything to do with it, Eddie Cicotte or one of McGraw's southpaws should be the hero this year, but if former precedents hold good it will be someone who is not even considered in that role right now.

Will it be McMullen, the wonderful young infielder of the Sox, of Jack Smith, the rookie second baseman, who has capably filled Herzog's shoes.

It is a question only the big series can decide, but it is certainly worth thinking about.

Contest Between Giants And White Sox Arouses Fans of Entire Nation

New York, Sept. 28.—In the long history of world series play for the championship of the baseball universe it is doubtful if any previous contest of this character aroused the widespread interest which has been engendered by the coming clash between the Chicago Americans and the New York Nationals. Although world series play is not new to either of the cities represented by clubs in the finale of the professional baseball year, it will be the first time that New York and Chicago clubs have met for the premier honors of the diamond.

This is all the more remarkable when it is considered that the world series dates back to 1884 and has continued in one form or another and with but few breaks for more than thirty years. The ensuing series will be the twenty-sixth since the Providence club of the National league faced the Metropolitan team of the American association in the initial contest back in 1884 and emerged victor in three straight games. It will also be the thirteenth played under the code and jurisdiction of the National commission which in 1904 arranged for an annual meeting between the pennant winning clubs of the two major leagues.

Of the twelve series staged under these rules the American league teams have won seven and the National league clubs five. Sixty-six games have been played of which the Americans have won 33 and the Nationals 31 with two resulting in ties.

But one run divided the records of the two leagues in this respect as during these 66 games the National league players have crossed the plate 228 times to their rivals' 222.

Another interesting feature of the meeting of the Chicago and New York clubs is the fact that both may be said to hold charter membership in their respective organizations. The New York team entered the senior

baseball circuit on formation in 1876 and finished sixth that season. At the close of the schedule play the combination dropped out and did not return until 1883, from which date its connection with the National league has been continuous. The Chicago White Sox played a prominent part in the forming of the American league in 1900 and has also held continuous membership in the junior league since that year.

During this period of eighteen years the White Sox have won four pennants capturing flags in 1900, 1901, 1906 and 1917. The club has figured in but one World series, however, meeting and defeating the Chicago Nationals by four games to two in 1906. The New York Nationals have a more extensive record in this respect owing to longer connection with the senior league. Since 1876 the club has won seven league championships and three world series, and its average position for 36 seasons is four and a very small fraction. Chicago's showing in this department of the record is even better, the White Sox having gained the high average of 3.9 over a stretch of 15 years.

Pennants rewarded the work of the New York club players in 1888, 1889, 1904, 1905, 1911, 1912, 1913 and again this season. In 1888 the Giants defeated the St. Louis American Association team in the world series of those days; ten games to four, and the following season won from Brooklyn of the same circuit six games to three.

In 1905 they defeated the Philadelphia Americans four games to one, having refused to meet the Boston Americans the previous year. The Philadelphia Athletics secured revenge when the teams met in 1911 winning four games to two. Boston Red Sox maintained the American league record by defeating the Giants four games out of seven in 1912 and the next season Philadelphia repeated at the New York club's expense, winning four games to one.

rubbing the back of your neck with the elbow.

McMullen is another gabby bird. He's got the sphinx looking like a side show barker for chirps.

With "Red" Faber it's different. Between chewing cut plug or talking, he chooses chewing.

While we're at it, "Buck" Weaver is sporting a new hat. It fits his shoulders beautifully.

The Sox are heavy for jewelry. A street corner diamond merchant unloaded about a half bushel of two-bit diamonds on the crew in their hotel lobby.

About himself. So When you start out To interview "Pants" Rowland about himself You won't need any Paper or pen. We'd Suggest that Rowland Be put in the Smithsonian Institute In the next case To the ju ju bird And label him as The only one of his Kind in the history Of the game.

Extend Helping Hand. Many of the world's failures, would have been splendid successes, if, in their struggling stage, some one had reached out a helping hand to them—had spurred them on when the bitterness of disappointment crushed them. There is, indeed, a moral here. The woman isn't living who cannot do some bit of good. Then let her lose no time in doing it—in offering the word of hope or encouragement which is the greatest stimulus the world ever knew.

Weather Has Made History. All through history, from classic times down to the present, the intervention of the weather has turned the tide of wars. No wonder that commanders, kings and nations used to pray for favorable weather when their fortunes were at stake. There was a time, both in pagan days and later under the Christian cycle, that no army went into battle without offering devout supplications for a fair day or a foul, as best suited their aims.

With the White Sox. F'rinstance, "Pants" Rowland, mgr. of the White Sox, and 23rd And last man of The team, according To himself. He's a Big league m'r in A class by himself Just because he Pins the roses on His players only. Try to get him To chirp about Himself and he Starts off lauding His men from The king pin Down to the Bat boy and When he has Finished with The men, he's Winded and Can't say anything

Ain't Nature Wonderful

By Gene Ahern

NUTTY KNOWLEDGE

Musicians who play wind instruments find it affects their lungs, but accordion players rarely are troubled that way because of their instrument.

An ostrich is a much more valuable animal because of its tail than a polar bear.

It is said by authorities that foot rulers with number 13's on them are almost extinct.

And shoe store foot rulers are not necessarily 12 inches.

And the fellow who made the statue with hands 11 inches in length didn't just do it because if he added another inch to each they would be a foot.

An eyeless needle would be a very useless article, but a holeless doughnut wouldn't lose any of its value.

You don't say so!

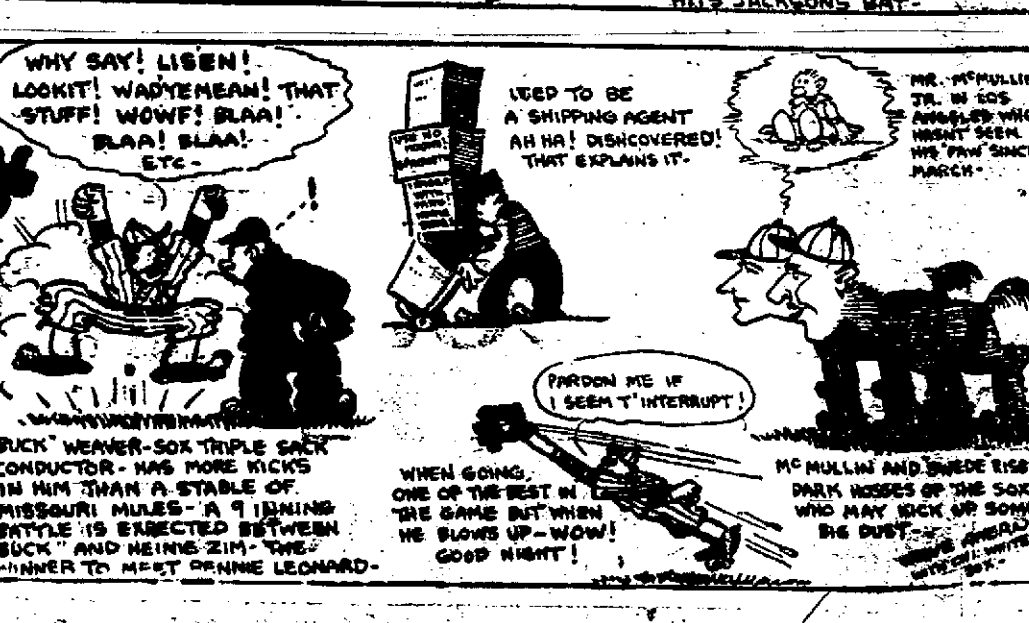

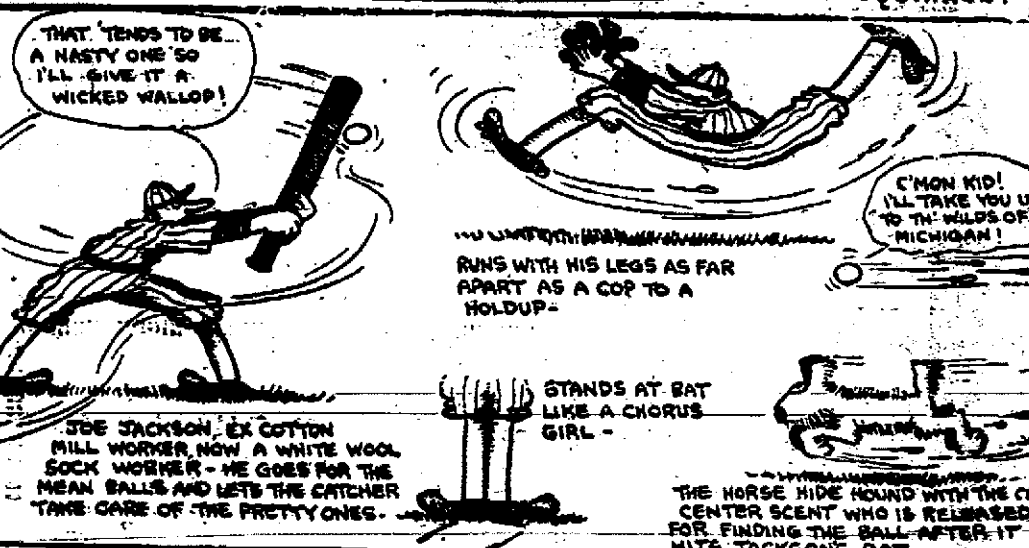

With the White Sox. When asked what he did before going in baseball, Jog Jackson replied, "played baseball."

It will be well worth the admission price when "Buck" Weaver and "Raw Meat" Zimmermann get going.

They'd play a better game with a glove on each hook of the 3-oz. class.

Trying to get some chatter out of "Red" Russell is as easy as

WHAT IF A BALL OFF JOE'S BAT WOULD HIT GENE'S SQUIRREL?

If You Prefer To Live in Furnished Rooms

this winter you will find in the Tribune's "Rooms For Rent" Columns many suitable places
